Dear Fido and David,

I am in the process of following up on discussions that we had with Srini more than a couple of months ago on the subject of bringing up to date payments (reimbursement) to US ATLAS for (a) ATLAS editing services provided by David Stoker and (b) TDAQ activities of Diana Scannicchio and Gokhan Unel. This message handles item (a), which has been managed via ATLAS Agreement number AA54114, and covers CY2017 and CY2018. Addenda to the agreement have already been completed for CY2016 and earlier. I will follow up separately on item (b).

The amounts for Stoker are:

CY2017	\$118,301
CY2018	\$106,047

These amounts include payments made by US ATLAS to both UCI and SLAC.
(In full detail, the CY2017 amounts include a small (downward) adjustment to CY2016 projections, and the CY2018 amounts are based upon projections of costs in the last months of CY2018.)

Please let me know if you have any questions.

Best regards,
Andy
